

NOMINATE BILLY HAYES

Together for the many

The past two years I have had the privilege to represent our party on the Conference Arrangements Committee for Labour Party Conference. Thank you to the members for that opportunity.

I want to continue to play my part in ensuring an election for a Jeremy Corbyn-led Government.

These are tough times for the many. The super rich and the powerful never cede power willingly. That is what is behind so much of the vitriol directed against our Leader. The establishment's acolytes in the media yelping almost constantly, fearing radical change.

In the last 18 months I have sought to ensure our rank and

file members voice is heard in the CAC. A number of innovations have been introduced, streamlining our 'Reference Back' procedure, to name just one.

The future

We need to examine travel and subsistence for delegates to ensure low pay and caring responsibilities do not effectively debar delegates from attending our Annual Conference.

Annual Conference makes policy

The people who knock on doors and deliver the leaflets see the shambles and cruelty of that the ramshackle Tory Government means to the common people. Our Conference is our parliament.

With the support of the members I want to be part of the movement for change.

CLGA

Published by the Centre-Left Grassroots Alliance, which, when established in 1998, was welcomed by *Tribune's* editorial as an initiative to challenge the forces within the party 'who wish to further downgrade internal democracy and to ensure that the left and centre-left wins as large a presence as possible within the NEC'.
